Little League World Series Saturday Pits Realty Tiger VS Pepsi Athletics

The Major Leagues may still be struggling for league championships but for some one hundred and sixty-four Little Leaguers the Champs have already been determined. Greenbelt's own World Series will commence Saturday afternoon at 2 o'clock at McDonald Field between the National League Greenbelt Realty Tigers and the American League Pepsi Cola Athletics. Home team Saturday will be the Bud Dean coached A's and Sunday Coach Hoppy Hofstetter's Tigers get the drop. If a tie-breaker is needed it will be played the following Sunday at 2 o'clock with the Athletics again home team. The Home and visiting positions were determined by a toss of Commissioner Bill Moore's coin, on loan from Coach Joe Rymar, at Tuesday night's Little League meeting.

Coach Bud Dean brought his sluggers surging into the lead with only two weeks of the season remaining, overtaking Bernie Emmert's CO-OP nine. Coach Hofstetter's Tigers led most of the season and were only threatened within one game in the final two weeks by Coach Bob Halpin's American Legion sponsored Cardinals.

41 Graduate

This has been one of the League's most productive seasons. Forty-one boys will be graduating and moving on into Midget or Babe Ruth Baseball. Superbly coached and equipped with expenditures running close to one thousand dollars, the League nevertheless is one of the more solvent organizations in our town. This is accomplished through sponsorship

See LITTLE LEAGUE, Page 4

Art Show Planned For City Festival

The art exhibit at this year's "Labor Day Festival" will be located near the drug store where it will be close to the other activities and exhibits. Anyone who has an art product is welcome to display. The awards will encompass all major categories—painting and drawing, prints, ceramics, weaving, etc. The judging will be done by a jury consisting of Ben Abramowitz, 3-L Eastway, Gordon Lawson 19-D Ridge, and Don Uhlin, 39-H Ridge.

Baton Cobbler

The Greenbelt Majorettes are sponsoring a bake sale on Friday night, August 17, from 6 to 9 p.m. in front of the valet shop. Donations of cakes and pies are needed and anyone interested in helping the girls may phone Henrietta Haslinger at GR 3-5437.

The proceeds from the bake sale will be used to aid in purchasing a tape recorder and amplifier and much-needed summer-weight uniforms.

Butch Tipton Fund Gets \$132 From Game

A total of \$132 was collected at the benefit softball game played in Greenbelt Saturday, July 28, for "Butch" Tipton according to James Carneal, local promoter. "Butch" attended the game.

This Saturday night at 8 p.m. Carneal is presenting another girls softball contest between "Yester-years Fem Allstars" and Arcade Pontiac Girls, for the benefit of the Pontiac girls.

DANCE ALL SUMMER

Teen-age dances will be held every Thursday night for the remainder of the summer from 8:30 to 11:30 p.m. in St. Hugh's social hall. Admission is 25c and refreshments will be sold.

Talent Needed

Anyone who can sing, dance, or play a musical instrument is requested to enter the Labor Day Festival talent contest. A talent show will be held each of the four nights of the Festival at 7 p.m. Trophies will be awarded the winners. Those interested are asked to contact Mrs. Lydalu Palmer, Webster 5-4542, for additional details.

Our Neighbors

By Elaine Skolnik

Visiting the Isadore Parkers last week were Izzy's brother, Morry from Chicago, and nephew Neil Horton from Wilmette, Illinois. Neil was shown the sights of Washington by his cousins, and on one excursion ran into a former classmate of his at Grinnell University, a student from Jordan, now studying in Washington.

It's a girl for Mr. and Mrs. Horace Randolph, 10-W Southway. Carol Lynn, weighing in at six pounds nine ounces made her debut on July 21. Carol joins a 22-month-old sister, Katherine Marie. Congratulations to Mr. and Mrs. Donald Porter, 4-E Plateau Place, on the birth of a boy, July 28.

Visiting Dinny Cherin, 11-F Ridge, is her eleven year old cousin, Shelley Cherin, from Detroit Michigan. The Cherins have just returned from a traveling vacation to Vermont, Thousand Islands, Canada, and Detroit.

The Frank Barthols, 14-Q Laurel, together with the Owen Crowders 15-E Laurel, and all their children had a glorious time at Rapidan Camp in the Blue Ridge Mountains.

A speedy recovery to nine year old Joey Fraundorfer, 2-J Laurel, who is recuperating from bronchial pneumonia. Joey was in Prince Georges Hospital for five days.

Mr. and Mrs. William Rowland, 47-D Ridge, have just returned from Bear Lake, Michigan, where Bill's dad is building a home.

Glad to hear that Roberta Danish, 16-Q Ridge, is home from the hospital. Roberta's grandmother, Mrs. Hannah Danish, is here from New York to help make her granddaughter's convalescence a happy one.

Back from a wonderful trip to Orlando, Daytona Beach, and Sarasota, Florida, are Mr. and Mrs. Wallace Clubb, 2-H Laurel, and their children.

Basking on Cape Cod's golden sands last week were Art and Marion Hatton, and the kids.

Do dreams ever come true? Well, one did for Mr. and Mrs. Joseph Vella, 6-B Hillside. With their sons, they sailed for Europe on the French Liner, Elandre. In England, they saw the sights of London, and visited Shakespeare's country. They were very impressed by the cordiality of the English people. Their sixteen days in France were fabulous. From the top of the Eiffel Tower they saw Paris, and the view from the Arc de Triomphe was breathtaking. Shops, restaurants, and outdoor cafes dominate the streets of Paris. The Vellas found the French people warm and friendly. They spent some time on the beaches of Normandy. Their return trip was made on the French Liner, Liberte, and when they sighted the familiar shores of New York, all felt - "There's no place like home."

Good luck to Mrs. Pauline Juliano, who is saying farewell to Greenbelt after eighteen years' residence. A surprise party was given in her honor on August 9. A son, Michael, will leave for the service on August 9. Mrs. Juliano will make her home with a daughter in Miami, Florida. To all sends this message, "I leave both sad and happy memories, and I am so grateful for your kindness".

Babe Ruthers Split Pair At Frederick

Greenbelt's Babe Ruth League All-Stars played in the State Tournament at Frederick, Maryland, last week with both extremes of ability. Our Co-op Stars whipped Brunswick 6-2 on August 1, and lost to Frederick 8-0 the next evening.

Neil Vaughn tossed a nifty two-hitter at the rail road center lads and was in trouble only twice, walking the bases loaded in the second before getting the end man on strikes and in the third, when Brunswick tallied twice on a couple of throwing errors and two bingles. A lone walk was the only thing Brunswick got off Vaughn after the third inning.

For all Vaughn's pitching excellence it took a five-run fifth inning rally to return our kids' success. Dave Goldfaden and Donnie King drew walks to start the Greenbelt fifth. Franny Day smacked a solid single over second to score "Goldy". King took third and Day scampered to second on the throw-in. Pitcher Fleming uncorked an errant toss to tally the tiny King and Day moved up. Roy McCauley's crisp hit brought in Day with the tie-breaker. McCauley went all the way to third when the center-fielder mishandled his hit. After Ron Newman fanned, Vaughn sent a long fly to center to get Roy home. Tom Iveson got a single over short and stole second to score a moment later on Bob McGlothlin's hard hit. Chuck Clark walked and Goldfaden fanned to end the big inning.

Vaughn was safe on an error in the last inning and McGlothlin, who had singled in the second and fifth, smacked a solid three-bagger for the last Greenbelt tally of the tournament!

Host pitcher Michaels was a hard man for Greenbelt to solve the next day. Tommy Iveson picked up a triple, Vaughn got a couple of singles and Day cracked out one—but nobody scored.

Meanwhile McGlothlin wasn't fooling the home hitters. Frederick scored once in the first, once in the second and twice in the fourth. Newman pitched the last two innings and gave up a brace of runs in each. Frederick's first-sacker Gastley had a perfect four for four and leftfielder Ott got three for four to help eliminate the non-belting Greenbelters. Chuck Clark made a couple of splendid fielding plays at second to co-star with Vaughn.

Getting back to the local league we find Captain Tom Iveson's Drug Store nine almost home with the 1956 title. As this goes to press they are 5 and 1 as against 4 and 1 for the Service Station team. Should Service Station have beaten Supermarket last Tuesday and tie the Drugmen for the lead the second-half title game between Drug and Service will be played Monday, August 23.

ATTN: WOMEN BOWLERS

There will be a bowling meeting for girls interested in bowling at the College Park bowling alleys, Monday, August 13, at 8:30 p.m., at the Greenbelt American Legion Post Home, Southway road.

For further information call Ada, Riley TO 9-9618 or Helen Dudley GR 4-9690.

Gilbert Withdraws C-1 Petition For Parcel 2; To Build Post Office

Because of resident opposition to a proposed new store on Crescent road between Parkway and the filling station, Gilbert Realty, Inc., has promised to withdraw its petition for C-1 (commercial) zoning of part of the land it owns there. In return the city council, at its regular meeting Monday evening, recommended C-1 zoning for 30,000 square feet of new shops near the variety store and the bank. (At its meeting two weeks ago the council had recommended 20,000 square feet there at the same time it recommended C-1 zoning for the existing stores to the west of the mall and delayed action on Gilbert's request for 20,000 square feet of C-1 on Crescent.)

Iseli Out In Front In Popularity Poll

The latest count in the Labor Day Festival popularity contest shows Joanne Iseli, sponsored by the Fire Department and Rescue Squad, in the lead by 2,000 votes, as of July 31. Trailing Miss Iseli, who has rolled up 8,836 votes, is Nancy Kurth, the American Legion and Auxiliary entry, with 6,626 votes.

Other front runners in the contest for the title of Queen of the Festival are Ginger Lagana of the Athletic Club with 4,000 votes and Jeriann Weber sponsored by the Izaak Walton League with 2,640 votes. All the contestants in the contest will be presented at the "Dance of the Queens" to be held August 18 at the Jewish Community Center building from nine to one a.m. A special feature of the dance will be an exhibition of ballroom dancing by Miss Fran Lastner.

Plans for other Festival activities are also developing. Bill Dutton, chairman of the parade committee, reported that the U. S. Park Police have entered horse and cycle mounted units.

Fort McNair Halts Athletic Club Nine

Approximately two hundred servicemen were treated to a thrill-packed baseball game last Saturday, as their strong Army team laden with minor league talent brought to an end Greenbelt Athletic Club's nine-game winning streak by a score of 2 to 1.

A terrific pitching performance by Bierwagen of Greenbelt and Koffman of McNair highlighted the affair. Bierwagen, allowing only one hit, suffered the defeat. Koffman gave our boys four scattered hits and only one base on balls which kept him out of trouble.

Fort McNair scored first as they loaded the bases in the second inning on two walks and an error. Bierwagen had trouble finding the plate, walked the next batter to force in a run. Bierwagen then settled down to strike out Schmitt for the first out. What looked like a big inning for McNair was soon thwarted by Greenbelt's Lagana as he raced to his left to field Koffman's hit, touched second base and over to Hospan for a double play.

Deneven singled in the fourth inning for the game's first hit but was stranded on first base as Hospan, Davis and Collins went out in order.

In the fifth inning with one out, Greenbelt's Boyer singled. Vorries and Stevens failed to drive in Boyer.

Deneven hit safely in the sixth inning, for his second hit of the game and again was left stranded. The Athletic Club tied the score in the eighth inning as Lagana led off with a booming triple and scored on Hospan's sacrifice out. In the bottom of the eighth inning Fort McNair had runners on first and second bases as the result of two Greenbelt errors when White singled for the first and only Army hit to bring in the winning run.

In the ninth inning Greenbelt pitch-hitters Harbaugh and Lewis failed to initiate a rally.

The Fort Meyer game was postponed because of rain and will be played this Sunday at Fort Meyer.

FIRE DEP AUX MEETS

The regular monthly meeting of the Ladies Auxiliary of the Greenbelt Volunteer Fire Department and Rescue Squad will be held in Firemans Hall on Tuesday.

The latest recommendation was made subject to the council's approval of the locations of the new structures. Although his architectural engineers have not yet finished their exact plans, Alfred A. Gilbert indicated his preference for building adjacent to the present variety-store and bank buildings. He stated he is willing to accept the wishes of the council in this matter, however.

The council then decided to hold a special meeting next Monday to firm up its decisions on a master plan for the entire city preparatory to holding a public hearing on the plan.

In withdrawing his zoning petition for the parcel on Crescent, Gilbert stated that he may erect a 4200-square-foot post office there at the request of the Post Office department. A question arose about the necessary zoning for this purpose, with Claude L. Wimberly, 60-J Crescent, expressing opposition to commercial zoning of any part of the tract for any purpose. City manager Charles T. McDonald explained it may be possible to erect a public or semipublic building, such as a church or post office, in any zone if urgent need is demonstrated. With this understanding the council did nothing about zoning the parcel in question, since urgent need for a new Greenbelt post office was considered obvious.

Tax Rebate?

The city manager and council agreed with Gilbert's position that he should not be paying taxes on the Crescent road parcel as commercial property in view of its failure to receive commercial zoning. Gilbert also indicated his intention of seeking redress from the Federal government since he paid for the parcel on the basis that it was for commercial use.

Councilman Alan Kistler raised the question of adequate parking for the center under these arrangements, since part of the land previously proposed for parking is being withdrawn from the commercial picture. Gilbert stated his belief that eventually he and the council would have to work out the whole parking problem together, saying "I hope my tenants will come to me and demand additional parking".

Transfer Funds

In other action Monday the council transferred about three thousand dollars from surplus funds for making extraordinary repairs to the community building (Center school). The hot-water tank is to be replaced, glass brick repaired, and electric range and library chairs replaced.

See COUNCIL, Page 4

Legion Post Elects New Officers Here

Officers and executive committeemen for the Greenbelt American Legion Post 136 were elected at the annual election held Thursday, August 2.

The newly elected officers are LeRoy H. McCauley, Commander; Paul Cherry, First Vice Commander; Thomas Freeman, Jr., Second Vice Commander; Peter Evanovsky, Finance Officer; Lester Sanders, Judge Advocate; Charles Link, Jr., Historian; Austin Green, Sergeant-at-Arms; and Harry Bell, Chaplain.

Edward C. Kaighn, William Clark and James Smith, Jr. were elected executive committeemen. Outgoing Commander Hoffman also serves as a member of the Executive Committee.

Wayne Roberts was reappointed as Post Adjutant by Commander McCauley.

Installation of the new officers will be held at the Post on Thursday, August 16.

No. 1

Cooperativeness

Alfred Gilbert showed a rare display of cooperativeness before the city council last Monday night. He acceded to the wishes of the residents and the council and withdrew his petition for C-1 zoning on the parcel fronting Crescent. We don't know what kind of store the community lost by the move, but we do know that we will have a new post office building there.

According to good sources, the post office department was seriously considering one other bid, from the Schrom interests across the Greenbelt road. A local post office at that site would be far less desirable than near the shopping center.

By gaining an additional 10 thousand square feet on the swimming pool side of the mall, Gilbert can fill out the center shopping area and provide the city with a complete set of stores and services that we badly need.

The community is indeed fortunate to have an individual like Gilbert as owner of the commercial area. His interest in the welfare of the city was made quite apparent and we wish to add our expression of appreciation to the spirit.

Continue The Battle

Another issue of the Greenbelt News Review has gone to press without containing any advertising from Greenbelt Consumer Services. The local business that does over a million dollars worth of business here is still showing its discontent at public criticism by refusing to support the only community newspaper.

Your editor would like to take this opportunity to express his deep appreciation to all the staff members and to all our volunteer reporters representing local civic groups for their fine work in keeping a community newspaper alive. It is an accomplishment of great and wonderful magnitude. It is part of the spirit that makes this city unique, along with its good planning, and community services and democratic participation.

We urge all our readers and supporters to continue the battle to keep a free newspaper alive in Greenbelt.

Brazen

Some drivers blow their horns to call car-pool passengers in the early morning. This disturbs the sleep of those neighbors living near-by. Blowing a horn in the morning or at night is discourteous, unneighborly and brazen. Be a good neighbor.

Letters To The Editor

"... A REAL SIGN"

Although I am in complete agreement with the editor's conviction that zoning changes should arouse the interest of the entire community, I cannot share his pessimism that last Tuesday's meeting on zoning was "disturbing." I was much encouraged to see almost forty citizens (not all from the immediate area) attend this meeting and vote unanimously against the rezoning of Parcel 2 to commercial purposes. I was even more encouraged to hear the arguments used which were distinctly different from those used by most of the parties involved in the gasoline station dispute. The petty personal reasons of comfort or, discomfort, liking or disliking a gasoline station were not involved in this dispute. Almost without exception the speakers viewed this zoning request in the light of the Greenbelt plan. It seemed apparent to all that rezoning this plot to commercial would distinctly destroy our plan of providing buffer strips between residential and commercial areas. It was most encouraging too, to see the strong arguments against the petition offered by our city manager and several of our councilmen, particularly Kistler and Smith. I do not think we can say that the issue aroused the interest of only those persons living close to the site when almost 250 people signed a petition opposing the plan.

I hope this is a real sign that Greenbelters have learned a lesson as a result of the gas station zoning and will not continue to allow their park lands to be destroyed for commercial gain. It is these areas that make our community unique. Let us fight to keep it this way!

County Rec Department Displays Art, Crafts

An exhibit of crafts made on the sixty-five playgrounds conducted by the Prince Georges County Recreation Department will be held at the Adelphi Room of Lansburgh's Langley Park store on Friday and Saturday, August 10 and 21.

Through the cooperation of Lansburghs the first floor Adelphi Room will be open to the public to view the many articles boys and girls have made on the summer playground. Baskets, gimp and shell jewelry, felt animals, wood carving and hundreds of articles made by the children will be on display. The public is cordially invited to view this exhibit Friday afternoon and evening, August 10 and all day Saturday, the 11th.

Greenbelt Map Sale By Co-op Nursery

A new enlarged map of Greenbelt is on sale at the tobacco store on Centerway for a quarter a copy. Drawn by Arthur B. Hatton, 45-E Ridge, it was issued by the Greenbelt Cooperative Nursery School to replace the map the school issued in 1944 and 1950.

Unlike the earlier map, this one shows all of Greenbelt except the extreme southern tip. It shows existing and proposed streets, the separately owned tracts of land into which the city is divided, commercial and industrial zoning as of last December, parks, and proposed public buildings and in addition indicates the existing homes.

The co-op nursery school still has one vacancy for next fall. Mrs. Helen Dondy, 6-K Ridge (GR 4-9437), will accept applications of three- and four-year-olds.

tatively scheduled to commence Monday, August 20, with the best of the Washington Metropolitan area teams participating. The Annual Little League Banquet has been scheduled to be held on Tuesday, September 18, the place as yet to be determined. The past banquets have been held in the basement of the Community Church and efforts will be made to repeat.

Saturday's World Series will be the second time for Coach Dean. In 1954 his Athletics defeated the National League Indians for the Series crown. Coach Hofstetter is having his first taste of World Series play and reports that, "He'll be there". Be seeing you there, too, I hope, at McDonald Field Saturday.

Health For All

Is Ragweed Here to Stay?

With running eyes and red noses, the ragweed victims plead for an answer to their annual problem. Are they doomed to suffer every summer the misery of their allergy to this plant Public Enemy?

There's no easy answer to the question. Ragweed is being attacked on three fronts: eradication of the plant, immunizing shots for the sufferer, research on the basic causes of hypersensitivity.

Ragweed Prolific

Frankly, there's not much immediate hope for eradication of ragweed. Botanically, it's a splendid plant, beautifully adapted for survival. Communities have spent small fortunes eradicating ragweed plants only to have the next season's pollen count as high as ever. Ragweed is found almost everywhere in cities, towns, and country. The light grains of pollen are blown great distances over land and water. Modern herbicides kill the weeds effectively, but the seeds can live in the soil for 40 years.

Shots Help

New developments in chemicals which kill weed seeds in the soil hold out some hope for the future, but what is the ragweed sufferer to do in the meantime? There are a few places in the United States where there is little or no ragweed, because the soil or climate discourages it and because natural barriers, such as high mountain ranges, keep out airborne pollen. But suppose the victim can't or doesn't want to pull up stakes? It will help somewhat to pull up the ragweed in his own backyard. Some victims are helped by shots which desensitize or immunize against pollen. There are also nose drops, and pills which give relief. These, however, should be taken only with the advice of a doctor.

Much more needs to be known about the basic causes of allergies that afflict more than 17,000,000 Americans. Research is needed for better methods of prevention and treatment. Meantime, the sufferer should follow his doctor's advice for the best means of getting through the season with as little misery as possible.

County Lists Rules For Rabies Protection

Rabies is a frightening disease but panicky behavior regarding it, as with other situations, can do more harm than good. To allay unnecessary fears and to promote thoughtful action, Dr. T. S. Englar, Prince Georges County Health Officer, provides the following information:

Regarding The Animal

1. An animal that has bitten someone or that shows abnormal or "peculiar" behavior such as refusing to eat, or trying to eat wood, stones or dirt should be penned up—not destroyed! It may be chained, kept in the cellar, or sent to a veterinarian.

2. Notify the County Health Department or the police. The Health Officer will then determine the period the animal must be confined. Ten days to two weeks is the usual period. (Confinement of the animal is at the expense of the owner.) During this time symptoms of rabies will appear if it is present in the animal.

3. If the animal dies or is killed, its head must not be crushed, but should be removed and sent to the State Department of Health Laboratories or the laboratory of the Livestock Sanitary Service. There the brain will be examined for signs of rabies. Individuals who do not comply with the above provisions whenever rabies is suspected are subject to a \$500 fine.

Regarding Your Children

Whether or not an animal is in good health, your children should be taught, for their own protection, to obey the following rules regarding pets:

1. Never tease any animal—even neighborhood and family pets.
2. Never pet strange animals.
3. Your child should report to you at once if bitten by any animal.

Regarding Yourself

1. If a person is bitten by an animal, scrub the wound thoroughly with soap and water and rinse well with running water to remove any of the animal's saliva. (It is the saliva which carries the virus of rabies and causes the disease.) Apply a sterile dressing or clean handkerchief to the wound, and take the injured person to a doctor as soon as possible.

2. Try to learn the identity of the animal which bit the person. Then the animal can be located, quarantined and available for examination by a veterinarian, and when indicated, by a laboratory.

3. Have your pets inoculated against rabies.

Opportunity Personnel

Continental Construction Co. relocating offices in Greenbelt needs competent employees for the following permanent positions: Salary open.

ACCOUNTANT: Capable man or woman to keep books, cost records, and payrolls.

SECRETARY: Woman - typing, shorthand, filing, and general office work.

SALESMEN: Men or women for full or part-time work selling houses on commission. Selling experience preferred but not necessary.

COUNCIL from page 1

The council also agreed to increase by two hundred dollars each the maximum salaries on two positions held by valuable city employees who have had no raises for several years. Councilmen Robert Hurst and Ben Goldfaden and city manager McDonald agreed that a new study of the entire municipal wage structure is now in order.

The council also appropriated three thousand dollars from surplus funds for additional materials for repairing roadways and parking courts and directed the manager to bring in recommendations for the duties and structure of an advisory park and planning committee, suggested to the council by Hans Jorgensen, director of Greenbelt Veteran Housing Corporation, which is interested in having such a committee.

In response to a question by councilman Jim Smith, McDonald informed the council that so far, of twelve applicants willing to accept the position of city recreation director, none has been satisfactory to him. Failure to secure qualified applicants, he said, is a question not merely of salary but also of the uncertain future of Greenbelt's recreation program.

Rescue Squad

Before leaving children on their own, parents should consider not only whether the children are big enough and old enough, but also whether they are also responsible enough to take care of each other and themselves, local rescue squad officials declare. If there is any doubt in the minds of parents, proper provision for supervision should be made. Children seem to be accident prone. Unsupervised and irresponsible children are more so. Safety is no accident.

Of the 32 calls made during the month of July, 15 were of emergency and routine nature, 4 auto accidents, 2 fire calls, 2 maternity cases, 2 mental cases, 1 water accident, 1 false run and 4 miscellaneous. Of these 15 were made at night and involved 12 men and 8 women. Ambulance time: 55 hours and 41 minutes; 690 ambulance miles; 117 men answered these calls.

The Rescue Squad reports a gross of \$600 as proceeds from the Carnival.

Your Credit Union

A Federal credit union is a cooperative savings and loan organization. Its purpose is to promote thrift among its members and to provide them with a source of credit for provident or productive purposes. Membership is limited to a group of persons having a common bond of association, occupation or residence.

Federal credit unions are organized in accordance with the Federal Credit Union Act, which became law on June 26, 1934. They are chartered, supervised, and examined by the Bureau of Federal Credit Unions, an office of the Department of Health, Education and Welfare.

There are now over 7,000 Federal credit unions throughout the United States and its possessions with assets totalling well over a billion dollars.

The Greenbelt Federal Credit Union was organized in December 1937. From an original investment of about \$800 by 47 charter members, the organization has grown to over 650 members with deposits of \$70,000. The number of loans made since 1937 has passed the 5,000 mark and amount to over \$1 million.

Membership is open to all residents of Greenbelt and to persons employed in Greenbelt. Ownership and control lies in the membership. A seven-man Board of Directors determines management policies. A Credit Committee acts upon loan applications. A Supervisory Committee closely observes the Credit Union's activities and periodically examines and analyzes its operation to assure that the best interests of the members are being served. The Board of Directors, Credit Committee and Supervisory Committee are elected by the membership at the annual meeting held in January.

In line with its objective of promoting thrift among its members, the Credit Union emphasizes that the key to successful saving is to make deposits regularly, even in small amounts. Savings accounts may be opened by minors, and parents are encouraged to open accounts for small children.

Dividends have ranged from 3½ to 5 percent. They are paid primarily from the gain of the previous year's operation after deducting expenses and statutory reserves. The amount to be paid is determined by the membership, upon recommendation of the Board of Directors, at the annual meeting in January.

Members borrow to pay for automobiles, vacations, home furnishings, appliances and medical care. Interest is low and is charged only for the time the money is actually held by the borrower.

Several years ago the Credit Union helped many residents buy their homes. It is now helping some of them to resell their equity by lending money to those who wish to buy it.

The Credit Union is a nonprofit organization wholly owned and managed by Greenbelters and existing solely to serve Greenbelt. Money you invest in shares brings profit to you and benefits your community.
